LABOR AND INDUSTRY
IN SERIOUS CONFLICTS

(International News Service)
Labor and industry came to grips today as labor's threats to mute, through strike action, the roar of automotive production and railroad traffic were challenged by industrial ultimatums issued from several sectors.

In several scattered instances strikes already have broken out. Briefly, the following troubled panorama was presented:

Railroad management executives served notice they would withdraw

their participation in the railroad labor conference at Washington unless the union groups agreed to postpone restoration of basic pay rates.

Remain Firm
In New York the automotive industry reaffirmed opposition to unionization—under A. F. of L. auspices—of the nation's automobile plants.

Labor leaders remained firm in their decision to call out 100,000 automobile workers unless the New York meeting evolves a "satisfactory solution" to labor difficulties in the industry.

Insull Aboard Ship;
Temporarily Out Of
American Laws Reach

(International News Service)
ATHENS, Mar. 19.—Temporarily, at least, out of reach of the arm of American law, Samuel Insull sailed the Mediterranean Sea today complete master of his own little "kingdom" the Greek freighter Malotis and its personnel.

Assured that as long as he remains abroad this ship at sea he will be safe from American authorities seeking to extradite him to the United States to face felony and fraudulent bankruptcy charges, the former Chicago utilities magnate was understood to be prepared to live in this manner for some time, being in no hurry to put into port anywhere.

Port Is Secret
If the Malotis, fully chartered by Insull, was heading directly for any given port, it was secret. Officially he left Athens for Port Said, Egyptian port at the Suez Canal, but there is under no obligation to go there. It was doubtful whether canal authorities would let him sail through to the Red Sea.

PA NEW
OBSERVES

Passing by 114 West Washington street this morning, Young Pa New observed a plant bearing three big lemons.

One of the most dangerous highways last night was the New Castle-Youngstown road. Coming back from Youngstown Young Pa New counted three cars which skidded and landed in a heap of snow on the side of the road. A wrecker pulled the vehicles out of the snow. One motorist barely missed hitting the billboard coming down the State street hill.

March is certainly alternating between spring and winter. After a balmy almost summer-like day Saturday, a heavy snow fall was experienced yesterday and this morning thermometers down about 5 above zero. Streets and hills were slippery again yesterday and today and the ashing crews had to go to work on the hills once more.

Spring-like weather of Saturday brought out one of the largest shopping crowds seen in downtown New Castle in many months. Stores were crowded and streets were thronged. Indications are that there will be an exceptionally large Pre-Easter business in New Castle and Lawrence county this year.

Pedestrians who walk the improved highways at night, still insist in walking in the same side of the highway as traffic. They should walk against the approaching traffic, and should also look out for their own safety when drivers are approaching. Many auto drivers are approaching.

(International News Service)
WASHINGTON, Mar. 19.—Air mail operations were resumed on a modified scale by the army air corps today, eight days after President Roosevelt ordered curtailment of flying owing to the rapidly with which ten mail fliers had met death.

Undaunted by the death of another flier almost on the eve of the resumption of operations, nearly 200 of the corps' aces took over the task of flying the eight cross-country air routes.

The first plane left San Francisco at 12:20 a. m., bound for Chicago via Salt Lake City, Utah. The second left Chicago at 4 a. m. for New York.

Within the space of a few hours later, others took off from principal cities. Approximately 170 of the army's crack military machines were scheduled to be carrying the mail before nightfall.

However, only eight routes were being operated as compared with the 18 the army covered during its first attempt. They are: Boston to New York, New York to Chicago, Chicago to Dallas, Chicago to San Francisco, Salt Lake City to Seattle, Cheyenne to Denver, and New York to Atlanta and Jacksonville.

In traversing these routes, the army will cover approximately 7,049 miles as compared with the 11,106

Switz, Confess Part In
French Espionage Ring

(International News Service)
PARIS, Mar. 19.—Mr. and Mrs. Robert Gordon Switz, youthful American couple, have confessed their part in an international espionage ring, their attorney Henry Torres declared today.

The United States consulate today advised the government at Washington of the confession but for the present, at least, will take no action.

Mr. and Mrs. Switz have been held in jail here since December 20, last year, when ten alleged members of the ring were taken into custody in a sensational roundup. It was reported today other members of the ring would confess.

The confession of the Switzes, Torres said, were made yesterday on his advice. The attorney informed them, it was learned, that the evidence against them was indisputable and they should confess and thereby enhance their chances of obtaining leniency.

His lifeless body covered with snow, following the blizzard which swept the district, John Durkin, aged 63, of South New Castle Boro, was found dead about 11 o'clock Sunday morning in an alley between Morehead and Tempelena avenue by James Dunkerly.

Coroner Orville Potter, who with state police and county officials were called to investigate, found that Durkin had evidently been taken ill on his way home Saturday night and was unable to continue any further. Death is believed to have resulted from the illness and exposure.

Residents in that vicinity stated that they heard cries during the night, but none investigated.

Dunkerly who resides on Morehead avenue was on his way to his chicken coop to get a chicken for the Sunday dinner when he noticed Durkin's snow-covered body. Investigation showed that he had been dead for several hours. He is believed to have been stricken around mid-

SANTA MONICA, Cal., Mar. 19.—This air mail thing, wish they would get them all kinder calmed down over it. Everybody is so heated up over it till they can't see the other fellow's side, but theirs.

No use talking about what the government shouldn't have done, it's done. No use saying "The government can't do this, and they can't do that." Say, you would be surprised at the things the government can do.

The army may not be the one to carry the mails, I don't think so, but I am not going to go to blows with anybody over it. After all, it's the government's mail, and the government's army. They can do what they want to with it.

This thing it not going to be settled according to any one man's wishes, so they might just as well cool off and start compromising now.

MISS LEONA Cwynar
KILLED IN ACCIDENT

James Oscar McCormick, of Slippery Rock township, was placed on trial before Judge R. L. Hildebrand at court this morning, in connection with the death of Leona Cwynar, 23, in an automobile accident on Atlantic Avenue some months ago. McCormick is charged with involuntary manslaughter.

On December 22nd, 1933, about 7 p. m. Miss Leona Cwynar, daughter of Mr. and Mrs. John Cwynar, with two sisters, Mrs. Stella Cichon, 29, and Miss Helen Cwynar, 14, were walking from their home in Oakland to the city. They were in the vicinity of the intersection of Europa street, when the car of McCormick, going in the same direction struck Leona and also her sister, Mrs. Cichon.

They were hurled to the side of the road and the car continued on. Witnesses to the accident picked them up and rushed them to the New Castle hospital where Miss Leona Cwynar died in about 30 minutes. Her sister, Mrs. Cichon was not seriously injured. Neither was

Long after the CWA is forgotten, or at least has taken its place in the back of the mind, New Castle is going to have some remembrances of the work it did in the way of park improvements and recreational facilities. In one sweeping piece of work a park system is being established here that will be a monument to the CWA for years to come and the grandsons of the present generations will be using the athletic fields.

There are over one hundred projects in Lawrence County that are CWA projects, but this article deals only with part of the park and recreational facilities that are being installed. It required an afternoon of plodding through mud up around the ankles to get a picture of the whole scheme but the vision of what is to come obscured the mud and turned the soggy footing into green carpets that will be the playground for children.

Fear Strike Of Thousands

By DAVIS P. SENTNER

NEW YORK, Mar. 19.—Faced with a threatened automotive strike involving 250,000 workers, leaders of the industry went into conference today to consider means of averting the walk-out, called for Wednesday by the American Federation of Labor.

The opening of the meeting at 10 a. m. found the industry and the federation at swords' points.

In a blunt statement issued at Detroit, the national automobile chamber of commerce flatly announced its refusal to deal with the federation, while leaders of the latter organization remained firm in their determination to go through with the strike unless the automobile industry meets its demands.

A national issue of the first importance, the impending strike and the negotiations launched to avoid it were watched by General Hugh S. Johnson, N. R. A. administrator, and by Edward F. McGrady, assistant secretary of labor.

Both were ready to step in at a moment's notice in an effort to effect a compromise.

No Recognition For A. F. of L.
That the automobile industry apparently has no intention of backing down in its firm stand against alleged "interference" by the federation was shown clearly at the outset of the session.

Its first action was to issue a new statement repeating and reaffirming the unequivocal declaration sent out from Detroit on the eve of the meeting last night in which the chamber stated it "does not intend to recognize the American Federation of Labor as such" and declared that the fundamental issue at stake

(International News Service)
WASHINGTON, Mar. 19.—Objection to the extensive local cooperation in construction of the Beaver and Mahoning canal recommended by War Department engineers was voiced today by Representative J. Howard Swick before the House Rivers and Harbors committee.

Swick said the counties affected could not stand the expense burden levied by the engineers' report. He read a telegram from Mayor Dennis Mutscheller of Beaver Falls, Pa., charging that costs demanded from the municipalities involved were unjust.

In the engineer board's report the total cost would be \$47,000,000, with local interests furnishing \$10,000,000.

The canal would run through Beaver and Lawrence counties in Pennsylvania and Mahoning county in Ohio. It would also provide shipping facilities to Mercer county, Pa., and Trumbull county, O.

The vagaries of March weather were never more strikingly exhibited than they were over the week-end, when winter temperatures followed summery zephyrs in almost less time than it takes to tell it.

Saturday afternoon, the mercury hit 70 degrees, and blankets were tossed aside by residents when they retired Saturday night. By Sunday morning, however, the temperature had dropped back down to 25 degrees and almost two inches of snow covered the ground.

The mercury kept dropping steadily during the night and this morning it had fallen to two degrees below zero. It was one of the most remarkable changes ever noticed.

Warmer weather is promised by Tuesday by the government forecasters.

URGES FLAGS BE DISPLAYED

(International News Service) HARRISBURG, Mar. 19.—Gov. Gifford Pinchot today had designated by proclamation the week of April 1 as education week for the observance of the centennial anniversary of the public school system in Pennsylvania.

The governor urged school authorities, the children and citizens to display flags of the United States and of the commonwealth during the week.

He asked that appropriate recognition be given to the contribution which public education has made to the moral, social, civic and commercial life of the commonwealth, to the end that all shall appreciate the true value of our free public schools as the real basis of a competent and lasting citizenship.

system of athletic fields and on an eminence overlooking the field will be a field house, which is meant to house locker rooms and recreational rooms.

In Cascade Park some demolition work has been done that gives back to the people some vistas that were ruined by a lot of nickel snatching amusements. At the far east end practically all the buildings have either been removed or have been moved back where they cannot obstruct the view. A series of highways has been cut through the district above the Cat Rocks, and this system of highways connects the Cunningham Park. A new entrance will be cut into the park from Huron Avenue and across the parking grounds which will also connect with the Black Oak Drive and the Lake View Drive which are being built across the top of the hill. At each entrance, stone turrets will mark the openings.

When the layout is completed there will be a complete system of highways that will give motorists miles of driving through the park system, giving them a lot of new views of scenery in this district that they have been denied before. It has taken time and labor but when the work is completed, there will be a park system that New Castle need not be ashamed of.

Railroad Pay Controversy May Force Drastic Action By President Roosevelt

(International News Service) WASHINGTON, Mar. 19.—The flat refusal of the standard railroad unions to longer continue the 10 per cent pay cut may force President Roosevelt to take drastic action to avert a general strike it was indicated today.

The unions' representatives and the railroad managers conference committee meet again this afternoon to discuss what was regarded by both sides as "a serious situation."

Over the week-end both groups held informal conferences among themselves in an endeavor to work out a solution. It was apparent that the union representatives were adamant in their refusal to accept the railroad managers' proposal that the pay cut be continued for another ten months.

Mr. Roosevelt has urged both groups to preserve the status quo in the railroad situation in the interest of national recovery, but the union leaders assert the time has come for a show-down.

The union spokesmen contend the capital structure of the railway industry is "hopelessly topheavy," and they demand a show-down on that issue.

CWA Electricians To Build Police Radio System Here

DAVIES IN NEED OF GARBAGE TRUCK

Council today adopted Mayor Mayne's resolution by which the city authorized the expenditure of \$1,000 for equipment for the city police radio system. The equipment will be assembled by CWA electricians.

Mayor Mayne declared that by constructing the system through this method the city would save considerable expense.

Director of safety Davies told colleagues the department of garbage is in sad need of a chassis and truck. He said that the department is "pinched" and the collection system is crippled.

The mayor replied that he had not expended a nickel for more than two years. An appropriation for the radio was made when the 1934 budget was set up, he added.

Davies explained, "I am not objecting to its purchase but when I ask for something, I'm told the money cannot be found, yet it is found for everything else."

The mayor said the CWA help is an inducement to purchase the radio equipment now. He explained that if a system was bought from some firm it would cost the city perhaps \$2,000.

"We have lots of money on paper but not much actual money" Davies declared.

"I don't intend to spend the money until the taxes come in" Mayor Mayne declared.

Davies then said the trucks in the garbage department should be overhauled but cannot be because they are kept busy.

"As long as the radio system is built with CWA labor I believe we should go ahead" said Councilman Alexander. He seconded the mayor's motion and the council adopted it unanimously.

Mrs. Olive B. Green, aged 72, wife of E. M. Green, of the Volant road, died Saturday evening after an illness which had extended over a period of six years.

Mrs. Green was born at Marietta, Ohio, and moved to her late residence several years ago.

Short services were conducted at the Book-Leyde mortuary, at 9:30 a. m. today with Rev. C. M. Rohrbaugh, pastor of the Rich Hill Presbyterian church, in charge.

Interment was made in a local cemetery.

Carl B. Forkum.
Carl B. Forkum, 52 one of the greatest athletes ever turned out of New Castle High school is dead. Mr. Forkum died early today in the West Penn Hospital from a complication of diseases. His home was in Donora, Pa., where he was the superintendent of blast furnaces for the American Steel and Wire Company.

During his high school days here Mr. Forkum was a star in athletics and afterwards played football for Washington-Jefferson and Penn State. At Penn State he was one

of the few four letter men, earning his letters for outstanding ability in four major sports. In the annals of Penn State he is remembered as one of their greatest athletes.

He is survived by his widow, one son Carl Jr., one daughter Margaret Adele Forkum; and his mother Mrs. Ida B. Forkum, of this city.

Funeral services will be held at his late home Wednesday evening, March 21 at 8:30 p. m. and interment will be in Franklin, Pa., on Thursday at noon. Rev. J. A. Hunter pastor of the United Presbyterian Church of Donora, will officiate.

Delores Jackson Funeral.
Private funeral services for Delores Maxine Jackson, infant daughter of Orville and Ellen Jones Jackson, were conducted from the home, 904 McCleary avenue, Saturday afternoon at 4:00 o'clock. Rev. Clifford S. Joshua, pastor of the Croton Methodist Episcopal church, was in charge.

Interment was made in Greenwood cemetery.

Cleomeo DeFlore.
Cleomeo DeFlore, aged 74, passed away at his residence, 716 Neal street, at 11:00 p. m. Sunday, after a long and useful life. He was one of the better known Italian-Americans of the city and had resided here for the past 42 years. He had an unusually large number of close friends.

He was born in Italy on February 13, 1860, the son of Frederick and Pasqua Giordini DeFlore.

He was preceded in death about five years ago by his wife. The following sons and daughters survive: Fred DeFlore and Mrs. Thomas Ross, of New Castle; David DeFlore and Ermenia DeFlore, at home; Leopold and Nicholas DeFlore, of Youngstown, O.

Funeral services will be conducted Wednesday morning at 9:30 o'clock from St. Vitus church, where Mr. DeFlore was a member.

Interment will be made in St. Vitus cemetery.

Long Funeral Wednesday.
Further details were received here today of the death of Jess E. Long, 60, former resident of New Castle who died in St. Petersburg, Florida, late Friday night, March 16, 1934. Mr. Long had been a resident of McKeesport for a number of years but was spending the winter in Florida.

Years ago he was a newspaper man in New Castle but left to go to McKeesport. Later he was on the old Dispatch in Pittsburgh but returned to McKeesport as the editor and manager of the Daily News, later becoming vice president. Several years ago he retired from active work.

Surviving him are his widow, Harriet Kenmair Long, one son, E. John Long of the editorial staff of the National Geographic magazine, two daughters, Mrs. C. C. Peters and Mrs. Willard O'Brien; one sister, Ella Long and a brother, James R. Long both of New Castle.

Funeral services will be held from the home of Mrs. C. C. Peters at Union avenue and Lee street, McKeesport, Wednesday evening at 8 o'clock, March 21.

Mr. Long was well known in New Castle and came from a pioneer family. He was an able newspaper man and under his management the McKeesport Daily News became the splendid newspaper it is. His passing is mourned here by those who knew him.

Otto Eugene Falls.
Otto Eugene Falls, aged 38, of 1113 Summit street, died in Los Angeles, California, on Sunday.

Mr. Falls was born and raised in New Castle. He was a member of the American Legion and Volunteer Fireman of Company No. 2.

Surviving him is his widow, Mrs. Lillian Gregor Falls; two sons, Harry and William, both of New Castle, Pa.; two daughters, Margaret and Helen, both of New Castle; one brother, William C. Falls, of New Castle; and one sister, Laura Falls, of Youngstown, Ohio.

The body will be brought to 1113 Summit street, New Castle. Funeral arrangements will be made later.

Harischandra was a mythological Hindu king of the solar dynasty, a descendant of Ikshvaku, and one of the more prominent personages in the legendary history of ancient India.

DAUGHTERS OF 1812 MEET IN COBAU HOME

Members of the New Castle Perry chapter of the Daughters of 1812 were pleasantly entertained on Saturday afternoon at the home of Mrs. William D. Cobau, 202 Moody avenue.

Mrs. Grace M. Greer presided over the business session of the program and Mrs. W. H. Weinschenk led the devotionals.

Current events were given in response to the regular roll call.

"Historic Trees of America" was the subject of an interesting review which Miss Virginia Weinschenk presented as the chief feature of the afternoon's program. The organization's nominating committee also submitted its report.

Birthday greetings were sent to the chapter's real daughter, Mrs. S. E. McCleary, who quietly observed her 90th birthday on Saturday.

At a seasonable hour dainty refreshments were served by the hostess with the St. Patrick colors of green and white predominating.

Adjournment followed the luncheon and the chapter gathers next on April 21 with Mrs. Marvin B. Dinsmore as hostess. The annual election of officers will feature this meeting.

PITTSBURGH COUPLE MARRIED SATURDAY

Miss Ann Woolridge became the bride of Allen L. Haid at a quiet marriage ceremony conducted at 8:30 o'clock Saturday evening in the home of the groom's mother, Mrs. Pearl B. Haid, Delaware avenue.

Both the bride and groom are residents of Pittsburgh.

The ceremony was performed by Rev. D. L. Ferguson, pastor of the Highland United Presbyterian church, in the presence of the immediate families and a few friends.

Mrs. Haid is assistant head nurse at the Montifore hospital, Pittsburgh. The groom is a popular young graduate of the New Castle Senior high school who for the past several years has been radio announcer at Station WWSW, Schenley Hotel, Pittsburgh.

They have taken up residence in Pittsburgh.

Birthday Party.

Mr. and Mrs. Benedetto Colecchi of 307 White street entertained at their home in honor of Mr. Colecchi's 50th birthday. An enjoyable day was observed. A wonderful spaghetti dinner was placed about the tables, with a large birthday cake in the center, containing 50 candles. Games and dancing were in vogue. Mr. Colecchi received some very lovely gifts.

Among those present were: Mrs. Rose Mitto, William Mitto, Mr. and Mrs. Frank Domiano, Nicholas Mitto, Ernest Irwin, J. P. Steiner and Mr. and Mrs. Benedetto Colecchi and family.

Celebrate Birthday

Three Saints Are Canonized Today

Pope Pius Solemnly Canonized Three At St. Peter's Cathedral

(International News Service)

VATICAN CITY, Mar. 19.—St. Peter's Cathedral was packed with pilgrims, including hundreds of Americans, today as Pope Pius solemnly canonized three saints.

Those canonized were Teresa Marcherita Redi, before her death a Carmelite nun at Florence; Father Pomilio Pirotti, once confessor to the Scipio Institute, and Father Giuseppe Cottolengo, founder of the Institute of Divine Providence at Turin.

Probably the most noted of the three was Father Cottolengo, who founded a small hospice in two humble rooms in Turin that grew into one of the most famous institutions in the Catholic church.

WE HAVE A WORD FOR IT

ONE can find nearly everything and anything in this great, far-reaching English language of ours. It will tell you everything you want to know, if you but look far enough in the right direction.

Hence, casting about for some apt definition of the amazing use to which the Administration is putting the alphabet, one discovers a word which seems to describe this tendency to the well known "T." That word is "abecedarian."

Yes, you'll find it, close to the front of the dictionary, a word that can be used either as a noun or an adjective and has more than one meaning. The ones that suit best our purpose, however, are first: "Pertaining to or formed by the letters of the alphabet." That is in adjective form. As a noun, we find this strange word meaning, among other things, "one who teaches or learns the letters of the alphabet."

Thus it becomes fairly simple to stretch a point or two and point to the Administration as a group of "abecedarians," whose initial bureaus constantly astound and amaze the Nation, although admittedly simplifying the work of the newspapers that must constantly carry the names of all the bureaus and administrations with which Washington fairly abounds. For instance, have a look at the last revised list:

AAA, AVA, BOB, CAB, CCC, SCB, CWA, DLB, EC, EHC, EHFA, FACA, FCA, FCT, FDIC, FERA, FESB, FHLB, FPC, FTC, GFA, HOLC, IAB, ICC, JEB, LAB, NCB, NEC, FRB, NLB, NRA, PAB, PIA, PSAC, PWA, RFC, SAB and TVA.

"Abecedarians" does seem a good word for the gentlemen who compiled such a list as this.

WANTS VINDICATION

Japan, of course, is directing the campaign to obtain recognition of Manchukuo by the world powers. Success of the movement, Tokyo naturally thinks, would give a color of justification to Japan's act in despoiling China of a rich province.

So far, there has been little evidence that much progress was being made by Japan. A development, however, that may not be without significance was the granting to a large French syndicate of a concession for developing the resources of the new empire. This is looked on in some quarters as possibly the forerunner of recognition by France.

Great Britain apparently has no intention of extending any hasty recognition. Sir John Simon told the house of lords the other day that in the event the emperor should visit Tokyo, the British ambassador to Japan would be instructed to take no official notice of his presence. At the same time, reports have become current that Manchukuo was trying to force recognition from Britain in payment for permitting British mails to cross its territory.

Even Russia is not being ignored in Japan's attempt to obtain recognition for the new state. Notwithstanding the strained relations between Tokyo and Moscow, the former is reported to be trying to tie up recognition with the negotiations for purchase of the Chinese Eastern railroad.

Until the powers formally recognize the new state, the latter will remain a blot on Japan's honor. The eagerness and anxiety with which Tokyo is trying to erase this stain is, within itself, evidence that Japan is fully conscious of the damage it has suffered through its loss of world esteem due to its course in China.

WHAT'LL YOU HAVE, RUSSKY?

America and Soviet Russia will do business with each other if each has something the other wants and the volume of that trade will be in direct ratio to these needs. Neither will get very far with plans to compete with each other's domestic products in the home markets.

Russia cannot sell her coal in the United States because there is overproduction of coal here, and American wheat growers cannot expect to sell their surplus in Russia where there is usually a large surplus. But there are Russian products which will find a ready market in the United States without aggravating the unemployment situation and there are American products Russia uses but does not produce.

The Russians are coming over here with goods never before sold in the United States and American exporters will go to Russia with products strange to Russia. Each must educate the other if a market is to be created. Here is where advertising will come in. The first exchange of products should be in the form of advertising, and from advertising will come the first reemployment and business.

LOOKS BAD FOR PEACHES

Two a hard winter for everybody but the fuel vendors, woolen manufacturers and furriers. Among the sufferers are the peach orchardists, whose 1934 crop throughout virtually the entire country was destroyed by the extremely cold weather of the last few weeks. According to the experts there will be no peaches this year.

Sad news for the epicure who sits all winter and spring hungering for a sweet, juicy, rosy-cheeked peach; sadder news for those who have staked their all on a crop of peaches that will never be harvested and for those who will receive no wages for harvesting that crop.

Before the era of the refrigerator car and cold storage, frost on the peach bud was a national calamity for the consumer as well as for the producer and vendor. But even though not a peach bends a bough in the United States this year there will be peaches on the fruit stands, in the shortcake and sliced in cream.

If Europe starts another rumpus she is going to find that the United States is too smart as well as too proud to fight.

It seems that half the countries on the globe are standing around with guns cocked just waiting for an excuse to start shooting in self-defense.

A Florida judge declares the AAA unconstitutional, while a California judge rules that it is constitutional. Can't these two states get together on anything?

The nations of the Old World seem to be working 24 hours a day lately trying to convince Herr Hitler that he should keep his mustache out of Austria's soup.

All you need to make times good is to make the \$1,000,000-a-year man buy 1000 times as much flour, clothes and so on as the \$1000-a-year man.

ONCE ISN'T ENOUGH

Once you were riding a horse and he threw you.
Do you therefore hate all horses?

Once a kitten scratched you.
Are you afraid of all kittens?

You climbed a tree when you were young and fell and broke an arm.
You are careful now when climbing trees, but do you sneer at every tree you see?

You slipped on a banana peeling and fell.
Have you developed a grudge against all bananas?

How silly, you say.
And yet, there are man-haters and woman-haters and haters of life.

There are men who say they hate women. Such a man was hurt by a woman. He trusted a woman; she was not trustworthy. He gave his heart to a woman and she threw it away, not kindly, but with disdainful laughter. . . . He married a woman and their marriage was a hell on earth. . . . And because he had one bitter experience with one woman he sings a song of hate against all women.

And there are women who hate men. . . . A woman hater had a father who made her young life a misery. She had a brother who was weak and worthless. She had a lover who kept no promises, and trampled on her generosity given loyalty. She has "learned her lesson" and she warns all women against perfidious men.

And there are both men and women who hate life because it has not kept the promises they think it made—because the bright glow has faded, and the leaping flame has died to a flicker, and the Happy Valley of living has become, for them, a Vale of Tears.

But once is not enough. One man is not all men. One woman is not every woman. One existence is not life. . . . And why should any man or woman leap so wildly, so recklessly, from the particular to the general and lose everything because a little has been so bitterly distasteful? . . . I cannot answer that question and yet I know that is true and many a life is wrecked because we let the small infection spread and poison all of the living.

THE PULLMAN DANDY

Who doubts that mortal man is vain
Should watch the dandy on a train
And note him in the wash room,
where

There's never any room to spare.
His grip flung wide upon the seat
Displays a drug store all complete.
With lotions, creams and scented soaps.

And bottles filled with various dopes:
Hair tonics, powders, gargles, sprays,
On which astounded travelers gaze.

Men who have entered there to wash
Stand by to watch him swish and swash.

Gurgles and gargles, lather, lather,
Sharpen a razor blade and shave;
Powder and proudly pat his face,
Pat every single hair in place,
All unconcerned and blank of mind
That several of his fellow kind
Are jammed into that little space
Waiting to occupy his place.

The Pullman dandy on the cars,
Surrounded by his tubes and jars,
Before the mirror stands and peeks
At his face with rosy cheeks
While strong men gaze at him and sneer
And mutter things they wish he'd hear,
Till most of them, compelled to roam,
Decide at last to shave at home.

But off I wonder when he's through
If he had time what else he'd do.

AN OUNCE OF PREVENTION

Isn't it a fact that you do not give the attention you should to warnings of oncoming illness?
Instead of consulting your physician you adopt some of your home remedies.

In its ineptness, an attack may be overcome without much trouble or attention; but if it is allowed to continue until it gains more of a hold, it may be exceedingly hard to halt its progress.

There is not enough attention paid to oncoming colds, which result, often in days of discomfort, absence from work and doctor's bills.

After an ailment becomes deep-seated, even with the best of care and attention, the disease may baffle a physician.

In fact it may become serious, if not fatal.
At present you are below par; no pep; no appetite, a general feeling of lassitude has overcome you.

Nature is trying to tell you that it needs something that's beyond its own power to provide.
Don't be foolish enough not to heed the warning—see your doctor.

IT REALLY HAPPENED

Robert O'Neill, the writer, sends us this story which he says he recalls from a reprint in a Kentucky paper under the heading "Memories of the Past." The story is about one David Wilson, formerly of Mill Creek district, then Gallatin, now Carroll county. Mr. Wilson served through the Revolutionary and Indian wars, was married five times and was the father of 49 children. He lived to be 96 years old. There is nothing unusual about that. But according to O'Neill, who says he knew Wilson quite well, his sides were a solid plate of bone without anything like a rib. Hence he was familiarly called "Ironskins." Another thing which makes the story almost unbelievable is that all of Wilson's children but one were boys. The 48 boys and one girl were reared on a farm and because the Wilsons were good people there wasn't one "Black Sheep" in the family.

The World At A Glance

Huey To Lead Progressives?
Norris Becomes "Conservative"
Hotels Filled With Lobbyists

By LESLIE EICHEL
Central Press Staff Writer
WASHINGTON, Mar. 19.—A person who "drops" into Washington only occasionally gets a different slant on matters national.

This writer has the good fortune to live only a few blocks from Wall Street (thus to see it without its glamor), to be a constant visitor to Washington and to travel around the country.

Washington has changed most of all. The change has come in the past month—since the writer's last visit.

The change is indefinable. The Roosevelt men no longer seem to be the power in the senate. (Yesterday I remarked that the administration had lost ground. It has.) The president is as popular as ever with the people. And his smile is as broad as ever.

But there is a new alignment in the senate—which will make the president's succeeding years in the presidency difficult. That alignment will drive the president. It will be—perhaps (one can only guess)—as popular as he.

That alignment is as yet indefinite. It probably will be composed of a few progressives plus Huey Long. Its motto, before it is named, will be "Share Wealth." That already is the rallying cry of an organization that the senator from Louisiana has formed. The Kingfish told me yesterday that this organization now has 500,000 members. In a year it may have 5,000,000.

NORRIS
What of the older progressives, who drove the Old Guard to the wall?

They have achieved most of their desires—under a Democratic president. Besides, they are old, at least, the majority are old. They are tired.

Senator George Norris, of Nebraska, considered the greatest progressive of our age, is by way of becoming a staunch Roosevelt Democrat. He assails anybody who attacks the president.

This is explained by my eminent co-columnist, Charles P. Stewart. Says Stewart:

"Uncle George Norris has gained much for which he fought—albeit under Roosevelt. To him, thus, Roosevelt seems of divine origin."

LEADERSHIP

There now is little progressive leadership in the senate. The advent of President Roosevelt has pictured the decline of the militants until today only Huey Long takes an active stand on anything.

He is more likely to unite the progressives than anybody since old Senator "Bob" La Follette—but the Kingfish hasn't the cold, clean reasoning of late Senator Bob, nor the spirituality, Senator Norris, still titular head of the progressives, always has shunned leadership.

Senator Robert Wagner of New York is second in popularity among the Democrats to Senator Long. Workers rise and cheer him when he appears at a meeting of the National Labor board, of which he is chairman. Senator Wagner has aroused powerful interests against himself. He need not worry. His term does not expire until 1939.

SHADY BUSINESS

Another thing that strikes the occasional visitor to Washington is the increasing horde of lobbyists and chiselers infesting hotels.

If there isn't already shady business, there will be.

TODAY Is The Day

By CLARK KINNAIRD Copyright 1934 Central Press

MONDAY, MARCH 19

History's Great Days—March 19, 1812—Burr's stamp in real estate in America history was completed. As usual in swaps, one party was gipped.

After 12 years negotiations, a patent was signed by President John Tyler and Secretary of State Daniel Webster, conveying to the Choctaw nation lands in what is now Oklahoma in return for what is now Mississippi, a trade forced upon the tribe by fear, intimidation and coercion.

The Choctaws were a civilized, domesticated nation who were skilled practitioners of the agricultural arts long before Cabot and Columbus sailed westward. But white settlers wanted their lands, and were more disposed to use the gunpower than the power of persuasion to get them. So red men who "for thousands of years had been the undisputed proprietors of a large portion of the domain of the Mississippi," had to raise their homes along Dancing Rabbit Creek and turn their eyes westward along the "Trail of Tears" in a new Exodus.

March 19, 1898—U. S. S. Oregon, dipping low with her capacity load of coal, steamed out of golden gate, San Francisco, into the Pacific, headed south under forced draft. Her Captain Clark had urgent orders to join the battle fleet in the Atlantic, for the Navy knew the beginning of war with Spain was a matter of days. Sixty-six days later (30 days after a declaration of war) he nosed her into Jupiter Inlet, Florida, having made the 14,706-knot run around the Horn in record time and dramatically demonstrated to the nation the need for a canal at Panama.

In the battle of Santiago the speed of the Oregon enabled her to lead the chase which drove the Spanish battle ship Cristobal Colon ashore, and her 13-inch guns ripped the Colon and Viceaya to pieces.

March 19, 1918—Farmers protested. Railroad unions showed their tempers. But daylight-saving

Only in war time has there previously been such an array of big cigars, fat stomachs and behind-the-hand conversations.

These lobbyists chiefly are NRA code chiselers—a new and evidently profitable trade.

TOO MUCH MONEY

While inflationists still cry for more currency, a really serious problem is beginning to exist because of too much money.

Excess reserves of banks which are members of the Federal Reserve system have risen to the unprecedented total of \$1,350,000,000. That money is idle. It is earning the banks nothing.

As deposits continue to pile up, the banks become more bewildered than ever. What can they do with the money?

Lend it, millions answer. But bankers seek safe loans. Business does not desire loans. It has more cash than trade demands.

Trade is what businessmen and bankers desire—trade that will employ money. Money—as this column often has said—merely is a symbol of exchange.

A billionaire with gold stacked high in his cellar could starve if he did not have something to give in exchange for food that the grower of the food could use. That is the problem stated in its simplest formula. You may say that the farmer could use the gold in exchange for food. But if the gold could buy

SHELBY CROWN WON BY FINISHING NO. 1

Victors Defeat Cold Draw 29-27 In Last Minute Of Thrilling Game

High School Passers Best Frisco A. C. 27-22 In Extra Period

ELLWOOD CITY, Mar. 19.—Shelby interdepartmental basketball league has a new champion—the Finishing No. 1, which is an exceptionally good one, too.

They were unofficially crowned last Saturday evening at the Shelby auditorium when they nosed out the Cold Draw cagers, 29-27, in an uphill battle in the deciding game of a three-game championship series.

It looked black and hopeless for Finishing No. 1 when a sudden rally in the last quarter put them in the running again. With less than a minute to play they were two points behind. Their opponents were held scoreless in the final chapter. At the end of the third quarter the Finishing No. 1 were trailing under a 27-19 count. By consistent playing in the last period they gradually crept up on the Cold Draw. Ursu made a foul and Barnes added a field goal on a fast play. Ursu registered soon after from under the hoops. Zeigler counted up a free throw to make the score 27-25 for Cold Draw. On the next play he received a long pass from Justine and dribbled half the length of the floor to sink the tying field goal. Ursu had followed up one of his teammate's shots to make the winning basket. After this there were only 20 seconds left to play, for which time the Finishing had no difficulty in freezing the ball.

For three quarters the Cold Draw had controlled the game from the opening whistle, with Sel Ferucci holding the limelight by scoring five field goals on well conceived plays. The Cold Draw led 9-5, at the end of the initial stanza and 16-15 at the half. They came back in the third quarter with a new zest and determination to outplay their opponents 11-4, and enter the closing quarter with an advantage of eight points. The Cold Draw had a complete reversal of form in this period. They could not locate the hoops, while their opponents were working a consistent offensive that resulted in having the score tied with less than a minute left to play. It was in this last minute that the work of Zeigler and Ursu proved disaster for the Cold Draw.

The sudden rise of the listless

Finishing No. 1 team in the last quarter was made the more commendable for their unflinching spirit. Barnes, Ursu, Justine and Zeigler played the game of their lives for the victors and figured prominently in every offensive drive. Ferucci, Clyde and Leyda were outstanding for the Cold Draw.

The Ellwood City high passers, under the name of the Ellwoodians, eliminated the last of their opponents for the right to meet the Finishing No. 1 for the city title. The Ellwoodians defeated the fast Frisco A. C. cagers, 27-22, in an extra period battle of the preliminary game.

A splendid passing offensive was demonstrated by the Ellwoodians in attaining their victory. They overcame a five-point lead in the final quarter to tie the score at 21-all. This was accomplished by Ken Bunney's two free throws, just before the whistle ended the fourth quarter. The extra period was hard-fought throughout. Patterson placed the Frisco A. C. ahead with a foul. The score was again deadlocked when Ray Latiano also made one for the Ellwoodians. Alex Robuck then registered from the side lines to place them ahead. Latiano put the game in the bag with a field goal and a foul, which he was making the former.

The work of Lamenzo, Bunny, Latiano and Robuck was outstanding for the victors. Boone and Patterson were best for the losers.

The summary:

Finishing No. 1	FG.	P.	TP.
Barnes, f.	4	1-1	9
Cavalier, f.	0	0-1	0

James C. Wright Dies On Sunday

ELLWOOD CITY, Mar. 19.—James Calvin Wright, 78, passed away on Sunday morning at 1 o'clock at his home at Camp Run after a short illness.

The deceased leaves to mourn his death, his wife, Mrs. Martha Matilda Bradford Wright, two sons, Raymond of Ellwood City and Mrs. Edward Walters of Parkersburg, W. Va.

Mr. Wright was an elder in the Camp Run U. P. church and a past elder of the local U. P. church. He had previously operated a grocery store on Sixth street and Wayne avenue.

Funeral services will be held on Tuesday afternoon at 2:30 from the Camp Run U. P. church with the Rev. K. W. McFarland, pastor officiating. Interment will take place in the church cemetery.

Dinner Is Held By Hadassah Club

Local Club And Many Visitors Commemorate Special Event Here Sunday

ELLWOOD CITY, Mar. 19.—In honor of the Hadassah Club's new project, the new University hospital, a dinner and program was given by the local club here last evening in the Schweizer Hall. Ninety participated in the occasion.

There were guests from New Castle, Butler, Beaver Valley, Allegheny, Youngstown, O., and Pittsburgh. The affair was opened with a prayer led by Mrs. Edward Keller. Mrs. Max Groden, president of the local Hadassah Club, then gave the address of welcome.

The evening's program included a number of violin solos by John Kuczmarski, accompanied by Robert Stevenson; piano solos by Miss Lena Silverman of New Castle. Greetings were given by Mrs. Max Groden and Dr. S. Skole in behalf of the Council of Jewish Women and B'nai B'rith. The former also read a clever poem as a tribute to Mrs. Groden.

The principal speaker of the evening was Attorney I. A. Swiss of Pittsburgh. The affair closed with group singing led by Mrs. Anna Bolotin.

Rabbi Grossfield of the Temple Israel, New Castle, was a special guest on the occasion.

The committee in charge of the dinner was composed of Mrs. Anna Bolotin, Mrs. J. L. Caplan and Mrs. Ben Balter.

Card Party Held By P. H. C. Club

ELLWOOD CITY, Mar. 19.—An enjoyable card party was held by the P. H. C. club Saturday evening in the Schweizer hall. Seven tables of cards and bingo were in play.

Mrs. Esther Bloom and Arthur Main won the score awards for 500 for ladies and men respectively. Mrs. Irene Shaffer and Paul Knauff were the bridge winners. Mrs. Harry Witte and Mrs. Irene Mains won the bingo awards.

At a later hour a luncheon was served by a committee. The next meeting of the club will be announced later.

Former Secretary Of School Board Placed On Trial

Case Of Ray Matlocks Of Ellwood City Is Called Before Judge Chambers

Ray Matlocks, of Ellwood City, is charged with embezzlement in a case which was called for trial before Judge James A. Chambers, at county court this morning.

Matlocks was secretary and treasurer of the Ellwood City school board. It is claimed by the prosecutor that his accounts are \$2,029.65 short. This deficiency covers a number of years during which he exercised the office.

Matlocks denies that he appropriated any of the money of the school district to his own use but blames the apparent discrepancy on the system of book-keeping which was in use in the district.

House Warming Held At W. S. Cowan Home

ELLWOOD CITY, Mar. 19.—One of the most enjoyable social events of Saturday evening took place at the home of Mr. and Mrs. W. S. Cowan when a coterie of friends gathered for a house warming at their home on the Ellwood-New Castle road.

The seventy-five guests attending spent the hours in a merry manner with games, dancing and ping-pong as the popular diversions. Music was contributed by the Rocky River Mountaineers led by Jack Sterling. At a seasonable hour the hostess assisted by Mrs. Charles Frazier, Mrs. Homer Ford and Mrs. R. G. Frederick served a tempting collation. An attractive menu and program scheme was carried out in the menu and appointments.

Mr. and Mrs. Cowan were the recipients of an array of beautiful and useful gifts for use in their new home. Among the lovely gifts received was a cut-glass dish presented by C. T. Crawford, maternal uncle of Mrs. Cowan, which has been in the family for more than three quarters of a century and was originally owned by her great grandmother, the late Mrs. A. M. Mecklen.

Verdict Of Guilty In McCormick Case

The jury in the case of Dan McCormick, charged with aggravated assault and battery in connection with an automobile accident on the Perry highway, south of Harlansburg, returned a verdict of guilty. The prosecutrix in the case was Margaret Yeager of Pittsburgh.

Her brother, Wilbert Ahermer, had his neck broken in the accident, and appeared in court with an apparatus adjusted to his chin and neck to hold his neck rigid. It was claimed by the prosecution that the accident was due to McCormick's having come across the center of the road in order to turn into a lane.

McCormick charged that the Yeager car was coming at a high and dangerous rate of speed.

City Police Seize 14 In Poker Game

Lieutenant of Police Criswell and Detective Moore last night raided a penny ante poker game alleged to have been operated by John Boss in a rear room at 326 South Jefferson street. Ross failed to appear in police court to claim a \$15.00 forfeit. Most of the 14 visitors put up \$3.00 forfeits and also failed to appear. Four will serve short term in the county jail in default of a \$3.00 fine.

Union To Shun Election Test At Budd Plant

United Auto Workers Union Riled At Provisions Announced by Johnson

PICKET LINE TO BE ESTABLISHED

(International News Service) PHILADELPHIA, Mar. 19.—Riled by the provisions announced by General Hugh S. Johnson, NRA administrator, members of the United Auto Workers' union employed at the Budd automobile body manufacturing plant today had unanimously decided against participation in tomorrow's election.

Union leaders said today that they would throw a picket line around the polling place. The arrangements for the election which aroused the workers' ire provide that every voter must sign his ballot with his name and payroll number and that a majority of employees, not just voters, is required for a union victory.

Tomorrow's election was ordered by Johnson to "clear up a misunderstanding" growing out of the out-lawed company election of March 9. At that time, the workers voted three to two for a company union instead of American Federation of Labor affiliation.

CENTER CHURCH

Rev. and Mrs. C. G. Johnston entertained at a social for the Y. P. C. U. of the church at their home one evening recently. The evening was spent by playing games and other interesting entertainment. The evening closed by the serving of dainty refreshments.

Miss Jean Blakney of Zelenople, and David Humphrey were week end guests at the parsonage.

Mrs. Barclay Gibson spent several days with her sister Mrs. Joseph Baldwin, of the Butler road.

Thursday, March 22, the class studying Stewardship will meet at Mr. Wm. Lesslie, Rev. C. G. Johnston is the teacher.

On March 29 the members of the church will gather at noon for a picnic dinner, after which the congregational meeting will be held.

On last Thursday the Leslie home was the place of a large and busy gathering. The ladies of the congregation worked upon name quilts to be sent to Mrs. Ada Acheson, who is a missionary in Egypt. A dinner at noon was highly enjoyed by all present. At 2 p. m. the trustees and budget committee met and made

Attorney Held On Bribe Charge

Attorney Ready To Defend Dillinger Mobster At Lima When Jailed

(International News Service) LIMA, O., Mar. 19.—Louis Piquett, Chicago attorney, today was formally charged with attempted bribery in an affidavit filed in the municipal court here. He arrived here Saturday night for the announced purpose of defending Russell Clark, Dillinger gangster, who was placed on trial this morning for the first degree murder of Sheriff Jess Sarber last October 12.

Clark is the third Dillinger gangster to go on trial for the slaying of Sheriff Sarber. The two others, Harry Pierpont and Charles Makley, have been convicted without recommendation of mercy and are scheduled to be sentenced to death in the electric chair.

Piquett, who was Chicago city prosecutor in "Big Bill" Thompson's administration and who also defended Leo Brothers in the Jake Lingle murder trial, also was named in an affidavit charging disorderly conduct.

The attempted bribery affidavit charged Piquett with "unlawfully, fraudulently and corruptly" promising Lima's chief of police, Ward Taylor, the sum of \$100 to procure the attorney's release from the city jail where he was lodged last Saturday pending investigation.

Declare Bill Aims To "Gag The Press"

(International News Service) WASHINGTON, Mar. 19.—The proposed bill to control the various communication systems and the NRA's plan to codify the telegraph companies were attacked by two Republican senators today as "attempts to gag the press."

Senator Dickinson (R) of Iowa, said "the sudden demand of the administration that all telegraph companies appear to be placed on a new NRA code is the fourth attempt of the Roosevelt administration to censor the press."

Senator Schall (R) of Minnesota, charged the present language of the present communications bill is "ambiguous" and the powers it implies would be oppressive to the press. He argued the bill sets up a new national label law "which can be used to gag the press." At present, he said, there is no national label law.

FOUND RELIEF FROM CATARRH BY TAKING NEW TONIC, VENDOL

Retired New Castle Man Bothered by Phlegm and Tickling in Throat, Disturbed Sleep, Stomach Disorders. Feels Much Better Now, He Says.

"I read such favorable reports about Vendol in the papers from those who had tried it that I decided to take some myself, as I felt the need of a good reliable medicine," declared Mr. J. A. Reeher of 114 South Crawford Avenue, New Castle, to the Vendol Man in the New Castle Drug Company.

"I have done a lot of hard work in my time, but retired some time ago. Lately I have been suffering from a Catarrhal condition which kept my throat full of phlegm and caused a tickling all the time. It seemed I could not clear this out completely, and this caused a lot of coughing and expectorating, both of which were a strain on my system. This bothered me both during the day and after I went to bed. Some times the phlegm would rise in my throat after I went to sleep and would awaken me, and I would have to get up to clear out my throat."

"My digestion was rather weak, and I was often bothered with gas and sour stomach. I had to deny myself such things as tomatoes, sourkraut and pickles, as they always disagreed with me."

"I have taken four bottles of Vendol, and find that it is a splendid tonic, and I think it will be good for anyone, especially those of advanced years, because it creates a good appetite, which produces strength."

MR. J. A. REEHER

"I find that I am eating better and seldom have the gas or sourness, and the Catarrhal condition has been greatly improved. Vendol has been very satisfactory to me, so I am glad to give it my recommendation."

Make up your mind to begin taking Vendol and put yourself on the road to better health. Come to the New Castle Drug Company, 31 East Washington Street, ask for me, the Vendol Man, and I'll explain all about my grand medicine that is helping so many people right here in town and tell you honestly what you may expect it to do for you—so come today if possible. Vendol is sold also at the 24 North Mill Street store.

Lenten Services At First Church

Dr. J. H. Clemens Preacher At Methodist Church Sunday, Also Tonight

Dr. Norris A. White, pastor, opened the Lenten preaching mission at the First M. E. church with impressive services on Sunday.

An unusually large congregation was present in the evening, when the well-known former pastor, Dr. John H. Clemens of Meadville, Pa., was present and preached. Dr. Clemens was pastor of First Church when the church building was rebuilt and greatly enlarged and had a successful pastorate of six years.

A large number of those who were members of the church at that time were present Sunday evening and greeted their former pastor by rising and standing together for a moment. Dr. Clemens' sermon was a timely and scriptural message on "On of the World." It was followed by a short altar service conducted by the pastor.

At the morning service the pastor, Dr. White, preached on the text, "Wilt thou not revive us again, that they may rejoice in Thee?"

These special Lenten services will continue in the large auditorium of the church evening this week except Saturday, at 7:45 o'clock. Dr. Clemens will be the preacher again tonight and special music will be furnished by the junior and intermediate choirs.

On Tuesday evening the Rev. Dr. Herbert A. Baum, pastor of the large First Methodist church of Butler, will preach.

On Court House Hill

In rummaging through a drawer full of old papers, Attorney George W. Muse has found a valuable historical article in the organization of Lawrence county. It was written by the late Attorney D. B. Kurtz, a pioneer at the Lawrence county bar. The date is not given but from some of the matter contained in it regarding population, it is surmised that it was around 1900. Mr. Kurtz says in his introduction that it embodies his personal recollections of the organization of Lawrence county and its courts. He tells first about the growing importance of New Castle which led to the agitation for a new county. It was created by act of assembly March 20, 1849, from parts of Mercer and Beaver counties.

The inhabitants of the new county, after Sept. 1, 1849, were entitled to courts and all the offices of other counties. Officers of Beaver and Mercer counties were to serve until appointments were made in this county, or officers elected. The article then goes on to tell how the cases pending in Beaver and Mercer counties were disposed of. By act of assembly April 5, 1849, William Evans of Indiana county, William F. Packer of Locoming county and James Potter of Mifflin county were appointed as commissioners to run the boundary lines of Lawrence county. Henry Pearson was selected as surveyor, Lot Watson and Harvey Tidball as chain carriers and Henry C. Falls axeman. The survey was then made.

Mr. Kurtz's article contains this by way of comparison. At the time of the organization of Lawrence county, its entire population was about 18,000, and the population of the borough of New Castle 1600. Today (no date given) the population of the entire county is 55,000, and the population of New Castle 36,000. In the statement of receipts and expenditures of the borough of New Castle for the year ending April 30, 1849, the amount of tax levied was \$901.26. The commissions and exonerations allowed were \$128.74, leaving a residue of \$772.52. The borough of New Castle's commissions were \$243. The tax levied of the city of New Castle at the present time amounts to \$175,000. The assessed value of the real estate of the county in 1850 was \$2,301,889. The assessed value in 1899 was \$18,467,947.

In 1849 the only means of communication between New Castle and Pittsburgh was by canal-boat to Rochester, thence by steamboat on the Ohio river. When the river was frozen the route was through Wurttemberg and Harmony by stage coach. Passage by boat to Pittsburgh required from 18 to 20 hours. In July, 1849, the governor appointed John Reynolds of New Cas-

tle as the first prothonotary of Lawrence county. In October, '49, Joseph Bear was appointed associate judge for Lawrence county. At the general election held the same month James D. Clarke was elected prothonotary. James McLane was elected register and recorder and John K. Swisher, John Randolph and James Oliver county commissioners. The commissioners appointed J. Webster Reynolds clerk and D. Craig attorney for the county.

In November, 1849, the attorney general of Pennsylvania commissioned William P. Buchanan deputy-attorney for Lawrence county. At this time the commissioners of Lawrence county rented the Methodist Episcopal church on Jefferson street, in which to hold the county courts until a court house might be erected. The courts were held on the main floors of the church and the rooms on the lower floor were used for jury rooms. The second story of the market house on the diamond was secured for the grand jury. The county offices were located in different rooms in various parts of the borough.

Early in December, 1849, the first juries were drawn for Lawrence county. The grand jurors were James Locke, foreman; James Brewster, David Barnett, Cyrus Clarke, David M. Cook, William Dickson, Archibald Davis, John Elder, David Frew, William Keys, James Mitchell, Alexander Maitland, Allan McCord, Thomas Pomeroy, Andrew Paisley, Nathan Patton, Frederick Rapp, David Ramsey, John Stevenson, Samuel Satterfield, John Summerville, Thomas Wilson, William Warnock and William Welsh.

The first petit jurors were John N. Henderson, Abraham Buckwalter, James Bentley, Nicholas Book, William Book, John M. Crawford, James Chambers, Joseph H. Cunningham, James Dinsmore, Joseph Emery, Robert Fullerton, Thomas Fisher, David Forbes, James Hutchison, Anthony Henderson, Samuel Jackson, Esq., William Keen, Jacob Lutton, James McCready, Robert McClure, James McQuatt, William Mayne, John F. McFarland Isaac McKee, Dr. Robert McClelland, Alfred Martin, James Miller, William McGregor, John P. McGlathery, John Nogle, Hugh Nelson, Dr. Joseph Pollock, Henry Pearson, Thomas Stillman, Robert Thompson, James Ward, John M. Warnock, Shubal Wilder, Thomas Withrow and Robert White. Nearly all of these men now have descendants in this city and county.

On January 7, 1850, the first session of court was held, the president judge being Hon. John Bredin of Butler county. He was assisted by associate Judge Bear. The court was opened by a Mr. Fleming, court crier of Beaver county. Later the same day William H. Lock was appointed court crier here. After this the attorneys were sworn in. They were as follows: Jonathan Ayres, L. L. McGuffin, J. K. Boyd, David Craig, Lewis Taylor, W. P. Buchanan, D. B. Kurtz, John Hoffman, D. C. Cossitt, John M. Crawford, George W. Watson, John McGuffin and James Pollock. A number of other attorneys from Beaver, Butler and Indiana counties were sworn in at the same time. At the time the article from which this extract was taken, Mr. Kurtz was the only survivor of the Lawrence county men mentioned.

The first jury ever sworn in the county was in the case of William S. Rankin against Alexander P. Moore, ejectment for a tract of land in Wilmington township. The jury was composed of Abraham Buckwalter, Joseph Pollock, James Hutchison, James McCready, David Forbes, Hugh Nelson, Joseph H. Cunningham, Robert Fullerton, Anthony Henderson, Thomas Stillman, James Bentley and John Henderson, all dead at the time of the writing of the article. Owing to the absence of a witness the case was continued until the next day. The case of Andrew J. Carlson against John Dickson was tried in the meantime and a verdict was rendered. This was the first verdict ever rendered in Lawrence county.

In March, 1850, the governor appointed Charles T. Whippo an associate judge of Lawrence county. Four sites were offered for a court house. The commissioners selected the Crawford site where the court house now stands. The contract for a court house was let to Hamilton Craig & Co. in August, 1850. The building was to be completed before Sept. 15, 1851.

April 17, 1851, a new jail was completed and prisoners then confined in the Mercer jail were brought here. On May 21, 1851, Judge Bredin died suddenly at his home in Butler. The governor appointed Daniel Agnew president judge of the district. On Monday, July 5, 1852, the new court house was completed. Judge Agnew held the first court.

WOMAN QUICKLY RELIEVED AFTER 3 YEARS OF TORTURE

USED MANY KINDS OF STOMACH MEDICINES WITHOUT RELIEF. DID NOT REALIZE SHE HAD CATARRH OF THE STOMACH. TWO BOTTLES OF WORLD'S TONIC BROUGHT REMARKABLE RESULTS.

"I know there are thousands of people taking medicines for stomach troubles and liver, kidney, bladder and bowels troubles, who really need World's Tonic for Catarrh."

Thus spoke a young woman of this city to the World's Tonic man. While in Pittsburgh this young woman heard the World's Tonic representative explaining the merits of World's Tonic to a sufferer of Catarrh and volunteered this information.

"In my opinion there are a great many people, perhaps thousands, just like I was. I know from experience, because I kept taking all kinds of stomach medicines for three years and never had any idea that I was really suffering from catarrh of the stomach until I read the World's Tonic booklet. It describes almost exactly how I was feeling. Nothing I ate agreed with me, gas formed and my heart beat so fast it was hard to get my breath. I had a heavy, dull feeling in front and back of my head most every day. My stomach felt as if it had fire in it. The World's Tonic booklet told just how this was due to catarrh, and so I went to the Drug Store and got a bottle. I have taken the second one and am wonderfully improved. The stomach trouble has disappeared and I am never tired, out as before taking World's Tonic."

Hundreds suffer from Catarrh of the head, nose, throat, stomach, bowels, kidneys and other organs. All they realize is that the head is stuffed up most of the time. They don't seem to know that their systemic condition is due to swallowing the poisonous mucus that drips from the head. They treat themselves for headache, sore throat, indigestion, torpid liver, painful kidneys and many other troubles when their real trouble may be catarrh. World's Tonic helps to rid them of it, they feel like they have a new lease on life.

Caution Needed In Driving Away From Parking Spot

Ruling Made By Superior Court Judge Years Ago, Never Reversed

With thousands being killed or injured and millions of dollars property loss caused each year by automobile accidents the subject of street and highway safety is of paramount importance.

This statement was made by Ralph W. Bolsinger, president of the New Castle Motor club, and is based on a report from A. A. national headquarters.

Mr. Bolsinger said that one of the most frequent causes of accidents is failure on the part of drivers to use caution in pulling away from a parking place. A decision handed down several years ago by Judge William H. Keller in the superior court of Pennsylvania makes clear the duty of motorists in such cases. And every one should be familiar with and comply with this ruling. Judge Keller held—and his opinion has never been overruled—that a motorist driving away from a parking place "was bound to see that approaching traffic was not endangered by his movements before he attempted it and his failure to do so was negligence." Then he went a step further by saying: "Putting out his hand, even if it be believed that he did so, did not give him the right to cut into the road regardless of approaching vehicles."

In other words, when you drive out into the lane of travel from the curb or other parking place it is a good thing to give a signal with your hand, but that is not sufficient. You must make sure that the way is clear. If you don't take proper precautions and an accident occurs, the responsibility rests with you.

Farmers Receive Money On Wheat

Those Who Have Agreed To Reduction Programs Paid \$106,561

By ARTHUR G. WIMMER
Special Washington Correspondent
WASHINGTON, D. C., Mar. 19.—Pennsylvania farmers who have signed wheat reduction programs have received \$106,561 from Uncle Sam, the Agricultural Adjustment Administration reports. Farmers of the Keystone state receiving such benefits number 2,611.

The figures indicate that Pennsylvania farmers, in comparison with other states, have displayed reduction programs. In Ohio, for instance, 31,044 farmers have signed such agreements and have received \$1,550,947 in federal benefits. In West Virginia, only 98 farmers have pledged wheat reduction, and have been paid \$4,683 by Uncle Sam.

Officers Reserve Meeting Thursday

Officers of the Reserve in Lawrence County are expected to be in attendance Thursday evening, March 22 in the assembly room of the Pennsylvania Power Company when the sixth conference of the 1933-34 winter series will be held. Notices of the meeting have been sent out by Col. Daniel H. McQuiston, officer-in-charge.

There will be two speakers at the conference, Lt. L. C. Barnhart, who will speak on "Signal Supply and Operation," and Lt. C. G. Book, who will speak on "Supply of Troops in the Field." There will be official motion pictures covering the subject, "Service of Supply Division."

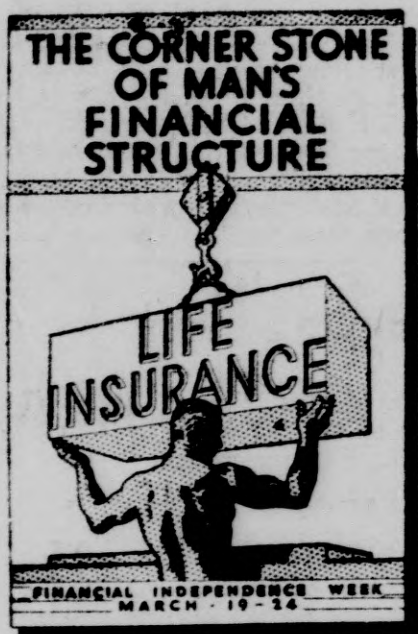

It Continues to Shine

We all know the expression, "Behind the clouds the sun is always shining." We have had many clouds in the last four years; but life insurance continues to shine day after day, month after month, year after year.

It continues to do its job as it has done it for over one hundred years, bringing benefits to the people—keeping homes together, giving schooling to children, and giving mothers an opportunity to rear their families; making happy and serene the future years for thousands of men and women.

Possibility Of Dollar Strength

(International News Service)
PHILADELPHIA, Mar. 19.—The possibility that the dollar may become the strongest monetary unit in the world depends on three conditions, according to Dr. Lionel D. Edie, former University of Chicago professor of finance who has been studying the central banking systems of the world for the Guggenheim Foundation.

000,000 persons, in addition to the 4,000,000 already re-employed," Dr. Edie said here. "We must rebuild wreckage caused by closing 10,000 banks, through a restoration of \$10,000,000,000 in bank credit, and we must restore a 10 per cent profit margin for the rank and file of American business."

WIFE ESCAPES IN DUAL JOHNSTOWN TRAGEDY

Murder-Suicide Near Johnstown Is "Cleared Up"

Estranged Husband In Jealous Rage Kills Man Who Employed Wife And Suicides

WOMAN IN CASE IS NOT WOUNDED

(International News Service) JOHNSTOWN, Pa., Mar. 19.—"Cleared up." Two words, penned by the steady hand of a state police officer, today signified the end of the investigation in a "love-triangle" slaying in which two men, Ray Strang and Morris Cochran, lost their lives.

The coroner's office announced police possessed evidence of broken love, jealousy and revenge as motive in the suicide-murder.

Strang, separated from his wife, called at the Cochran home where his spouse was employed as housekeeper. Strang's motive, police said, was either to effect a reconciliation or gain revenge.

When Cochran spurned Strang's offer to drink, the latter fired a shot. The householder collapsed and died shortly after.

Strang then fired at his wife and thinking he had hit her when she stumbled over a bucket while attempting to flee, turned the gun on himself and blew his brains out. Mrs. Strang was not wounded.

Steel Company Heads Meeting At Pittsburgh

Representatives Of 50 Steel Companies To Confer On Labor Control Bill

TWO PROPOSED BILLS OPPOSED

(International News Service) PITTSBURGH, Mar. 19.—Representatives of 50 Pittsburgh district steel companies were to meet here today to lay the groundwork for an attack on labor provisions of the Wagner labor control and Connery 30-hour week bills.

The meeting, to be held in the Jones and Laughlin Steel Corporation, is similar to sessions called in Chicago, Cleveland, New York and Birmingham, Ala. Steel moguls in each district are expected to attend the sessions in their section.

Plans will be made at the session for a war on the two bills, which have already been protested by the auto industry. A vigorous fight by industries throughout the nation is expected to be mapped at the conference.

Attack on Bill

Earl F. Reed, attorney for National Steel Corporation, vortex of the dispute between the steel industry and the national labor board, will be the principal speaker today.

Although the plans to be made at today's session are aimed primarily at the Wagner bill, now before the Senate committee on education and labor, it was learned the movement will also be designed to attack the Connery bill, a more stringent measure, which includes provisions for a 30-hour week.

Steel executives contend the Wagner bill would create a national labor board of absolute jurisdiction, with more power than any governmental agency or court ever held previously. Fines and imprisonment are provided for violations.

According to the steel officials, under this measure, any employer could be fined who sought to participate in employees' organizations.

Prepare To Stage Senior Class Play

"Your Uncle Dudley" To Be Presented At Senior High School

Delbert Fletcher plays the title role in the senior play, "Your Uncle Dudley," soon to be given at the Senior High School. This is a delightful part. "Uncle Dudley" is Dudley Dixon, a lovable bachelor and leading citizen of his community. Dudley has supported his widowed sister and her two sisters for years. He has fallen in love, but knows that he cannot bring a wife to live in the same house with his sisters, an assertive, dominating person. Realizing this Dudley endeavors to rid himself of his sisters and to do so he deftly that he will not object. How well he succeeds is shown in the course of the play.

Gifted with a rich, well-modulated voice, Delbert Fletcher brings to his portrayal of the part an undertaking of "Uncle Dudley's" fine generosity, amiable weaknesses and fundamental strength of character that would delight the authors of this hilarious modern comedy. Young Fletcher is the son of Mrs. Florence Fletcher of Reis street.

Charlotte Withers plays opposite Delbert Fletcher as Dudley Dixon's sweetheart, stirring him to revolt against the domination of his sister. She is Christine Soderholm, a charming Swedish woman. Always somewhat overawed by Dudley's sister, she must nevertheless preserve her dignity and must reveal the genuine affection which she has for her much-managed bachelor. Miss Withers must make her presence on the stage felt by her bearing

than that by speech. For in contrast to the vivacious Dudley she has little to say. She must however be so lovely and gracious, that the audience understands how the perennial bachelor has been stirred to revolt against his long servitude to his sister and her family. Miss Withers is the daughter of Mr. and Mrs. Charles C. Withers of Northview avenue.

Stumps Of Gaston Park Oaks And Elms Yielding Material For Sign Shop

New Castle's most unusual CWA project is in progress in a basement room of the North street school building. There a group of skilled sign painters is busy transforming rustic slabs of wood into beautifully shaded sign boards which will be used to mark various city-owned buildings and lanes through the city-owned parks.

The slabs of wood, ranging from three to four inches in thickness, were cut from stumps of oak and elm trees located at Gaston park. The bark is allowed to stay on the slabs, thus creating an attractive native woody appearance, the flat centers are sandpapered, given a coat or two of paint, and the desired lettering is then placed.

Dozens of the tree signs have been created in the little CWA sign shop. Many, reading "City Park System," will mark lanes in Gaston, Cunningham, Cascade and other smaller parks. Several will mark the downtown comfort station, others the tool house, etc.

The painters have made from one of the Gaston park stumps slabs a pretty souvenir for the CWA head of Lawrence county. It reads "Louis B. Round, Administrator," with the date inscribed.

Campaign On NRA Chiselers Is Commenced

Federal Government And State Department Of Labor Combine Inspection Forces

COMPLAINTS WILL BE INVESTIGATED

(International News Service) HARRISBURG, Mar. 19.—Co-ordinating its inspection forces with those of the federal government, the State Department of Labor and Industry today embarked on a campaign against NRA chiselers.

Power to adjust or enforce NRA compliance has not been assumed by the Department, Miss Charlotte E. Carr, secretary, declared, but all complaints of violations of codes will be investigated by the inspectors in the Department.

Many Complaints

Findings in all probes made under the enforcement program will be turned over to Edward N. Jones, of Pittsburgh, federal NRA compliance officer for Pennsylvania for action, Miss Carr said.

"A number of complaints of violations already have been turned over to our inspectors for investigation," Miss Carr said. "The inspectors have been instructed to be absolutely fair and impartial."

"This department is vitally interested in NRA enforcement. Where chiseling has been permitted, the honest employer who has complied to the fullest extent with his own industrial code, has been penalized. The department's cooperation in the federal compliance work will do a real service to the commonwealth's labor and industry by helping to protect honest employers and their employees from chiseling competitors."

Young Folks Present Two Short Playlets

Under the direction of Mrs. J. Glenn Carpenter, superintendent of the Intermediate of the First U. P. church presented two short playlets on stewardship Sunday evening at 6:30 in the church assembly room.

The first playlet entitled "Too Busy" was portrayed by three young people, Marian Brown, Helen Edgar and Harry Ray. Louise Shaffer announced the cast.

The second one entitled "Christian Stewardship in the Making" was given by Agnes Gillfillan, Harriet Hughes, Helen Campbell and Harry Dinsmore. Dr. Katherine Clark made the announcements.

Mary Elizabeth Allen led the devotional period. Ushers were Donald Gibson, Bill Dean, Dave Irvine and Tom Bailey. Rev. S. E. Irvine gave a prayer.

There were a large number of parents present and a substantial collection was lifted for Neal McClenahan, missionary in Egypt in whom the young folks are interested.

Monetary Adviser Is Going To China

Professor James H. Rogers Will Go To China For Special Economic Survey

(International News Service) WASHINGTON, Mar. 19.—Prof. James Harvey Rogers, who has been one of the principal monetary advisers to the administration, has been designated by the Treasury to go to China to make a special economic survey to determine how American trade in the Orient may be increased.

Prof. Rogers will make a particular study of the silver situation, and the possible manipulation of silver prices to improve trade.

Local Girl Gives Talk At Greenville

GREENVILLE, Pa., Mar. 19.—Local club activities for National Business Women's Week were brought to a close last night in the Business & Professional Women's club at a large social meeting.

Miss Nancy Bechtel of New Castle, state treasurer, gave a talk on the state banking law and the code. Miss Bechtel is head bookkeeper in the First National Bank of Lawrence county and gave a most interesting and explanatory talk.

BOYS ARE ACQUITTED; COSTS ARE DIVIDED

In the case of the commonwealth against Perry Lombardo and Victor Lombardo, which was tried before Judge R. L. Hildebrand Saturday, the jury returned a verdict of not guilty and divided the costs equally between Rose DeFolice, the prosecutrix, and the defendants.

The boys were charged with malicious mischief, it being claimed that they had broken down a fence and destroyed some flowers on property of the prosecutrix on Uber street.

Four Measures Are Called Up In House Today

Democratic Loyalty To Roosevelt Is Shaken For First Time On Important Bills

SPEAKER RAINEY TO FORCE ACTION

(International News Service) WASHINGTON, Mar. 19.—The Democratic house, shaken in its loyalty to President Roosevelt for the first time on soldiers' legislation, today was slated to pass two administration measures and perhaps to pass two others lacking White House approval.

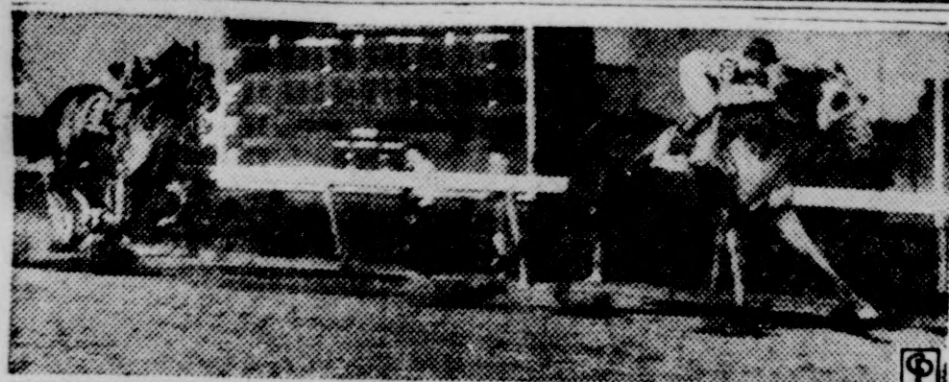

In rapid-fire order, Speaker Henry T. Rainey planned to put four important measures before the house for action. They were:

Bankhead cotton bill, under which the federal government would allot cotton quotas to individual farmers as means of cutting production and raising prices.

Philippine independence bill, which substantially re-enacts the Hawes-Cutting measure permitting the islands to gain their independence in 10 years.

Tin City Five And Collegians Battle Tonight

Final Basketball Game Of Year Brings Westminster Collegians Here

WES BENNETT TO BE IN LINEUP

New Castle's final basketball game of the year will be played at George Washington Junior High floor tonight, and it will bring the champions of the Tri-State College Conference to battle the Tin City Rovers. The Gersons and Sharon Jacks will play the preliminary game starting at 7:15 o'clock. The Westminster Collegians have been on a barnstorming trip and New Castle is fortunate to secure them.

Business Manager Raymond "Mickey" McBride struck popular favor with the scheduling of this super-attraction for the local floor at a very low cost. The admission prices are within reach of everyone. The George Washington gym should be packed tonight with the biggest crowd of the year as the attraction is just right.

Bennett To Play
Billy Douglass who is managing the Collegians has promised to have his full lineup in the game here, including the great Wesley Bennett, the nation's leading scorer and one of the finest basketball players in the land. Bennett was the big stand-out this year in collegiate circles, and was top scorer. Not one of the opposing centers this year could begin to match the great Bennett. His over-head shot at the basket is deadly. He is a fine floor worker. Douglass will bring in addition to Bennett, such well recognized stars as Pete Leyschock, Ray Sweeney, Wilhelm, "Swede" Hunneke, and others.

The conquerors of the mighty Duquesne Dukes expect a tough battle with the Tin City Rovers with such stars as "Bud" Laycock and "Gansy" Benedict in the lineup. In addition Coach Frazer will have the sterling Jimmy Shaffer, and the dependable Bruce Alexander and Walter Hutchison, and an effort is being made to get "Gerry" Newton here for the game.

The doors will open at 6:30 o'clock. Business Manager McBride announced today the addition of the famous Pawk brothers Johnny and Pete of Butler, Pa., members of the championship Penn Drakes who will play the New Castle team against the Collegians, also the addition of Lester "Bus" Reicher, former New Castle High star floorman who will more than likely see action with the new men in the lineup, the Tin City Rovers should give the college boys a real battle.

We always wondered what became of old-time planes. It seems they are sold to the War Department.

HERE AND THERE IN SPORTS' LAND

Lester R. Stoeffen, new national indoor tennis champion, will not let staleness come between him and the Davis cup team trials in the spring, he said today in New York. He wants to earn a berth on the U. S. team. Saturday he defeated Gregory Mangin, the playing third champion, 6-1, 6-6, 6-4, and with George Lott as his partner took the doubles title from Berkeley Bell and Frank Bowden, 4-6, 6-3, 6-4, 6-4, all in less than three hours.

Bill Kern, assistant grid tutor at Pitt U., Pittsburgh, captured the junior A. M. A. A. U. handball championship by defeating Sam Wolf, 21-11, 13-21, 12-14, at Pittsburgh.

Freddie Miller, southpaw N. B. A. featherweight champion, who battles Mose Butch at Pittsburgh tonight, claims the hardest fight he ever had was with Johnny Datto, who fought here several times.

Mid-Atlantic baseball league executives and clubowners last night at Wheeling decided upon a 126-game schedule, May 9 to September 9.

Cunningham Not Satisfied With Record In Mile

Glenn Cunningham Set New World's Record For Mile In One Of Greatest Races

(International News Service)
NEW YORK, Mar. 19—Glenn Cunningham's world record performance of 4:08.4 in the Columbian mile here Saturday night was plenty fast, but not fast enough, according to Cunningham himself.

In spite of this track experts were unanimous in declaring that Cunningham ran one of the greatest races of his career. His time was only a whisper beneath Jack Lovelock's 4:07.6 outdoor mark, the fast mile ever run. Lovelock set his record in a special race with Bill Bonthron at Princeton last summer.

Other outstanding feats at the annual Knights of Columbus games which brought the Metropolitan indoor track season to a close were Ray Sears of Butler's establishment of a new American record of 9:07.4 for 2 miles; the equalling of the world's record in the 60 yard dash by Jesse Owen, Ohio State freshman, and the tying of the world's record in the 60-yard high hurdles by Milton Green of Harvard.

New Kensington Tops Ambridge By Score 26-22

New Kensington Wins W. P. I. A. L. Toga In Fine Game At Stadium, Jeannette Stars

New Kensington high school basketball team rules the 1934 W. P. I. A. L. schoolboy tourney following their brilliant 26 to 22 victory over a fighting Ambridge high quintet Saturday night at the Pitt stadium floor. It was the second time in recent years that New Kensington has taken the W. P. I. A. L. crown. The Gockmen are deserving of their title, as they waded through some mighty stiff opposition to reach the top, including victories over Uniontown, Ambridge, Scott high of Braddock and Ford City. Jeannette was the big scorer for the Ken high team in the final game with nine points, while Trzecki also played a fine game at guard and got seven points. Drago and Michelson were the big scorers for Ambridge.

New Castle high derives some satisfaction from the New Kensington high title due to the fact that New Castle beat the New Kensington team at the George Washington high floor this year 28 to 22, and then lost at the New Kensington floor 26 to 19. New Castle also trounced South high of Pittsburgh this year, making it two champions topped by the Bridenbaughmen.

Murder-Suicide Tragedy Leaves Four Orphans

(International News Service)
CUSTER CITY, Pa., Mar. 19—Four grieving children, made orphans by a murder-suicide tragedy, gazed in sorrow at the bodies of their father and mother today.

Wilbert G. Eger, 46, shot his wife and then turned the gun on himself after ordering guests at a party to leave his home Sunday morning, an 11-year-old son told police.

Calling his wife from upstairs, Eger, the son told police, said: "Bertha, this is the end."

The gun barked and soon the lifeless forms of the parents lay before their children.

Returning a tentative verdict of murder and suicide, the county coroner said no inquest would be held.

Eger's mother, Mrs. John Eger, and his four brothers reside in Altoona.

Gallant Sir Is Winner Of Race At Agua Caliente

(International News Service)
AGUA Caliente, Mex. Mar. 19—Wearing blinkers, the temperamental horse, Gallant Sir won the \$25,000 Caliente handicap Sunday before 15,000 persons, becoming the first to win two of the handicaps. He was winner last year.

Gallant Sir's stablemate, Riskulus, was second by a nose after taking the lead and holding it until the last 50 yards.

Gallant Sir's time was 2:02.4, one fifth of a second slower than his time in 1933.

Parl-Mutuel ran third, Board-walker fourth, and Onrush fifth, trailed by Bonny Grafton and Prince Pest.

HOME IS ENTERED

The home owned by John C. McMillin, local druggist, located on the Cleveland Mill road, North Beaver township, was entered last Thursday night but nothing was discovered missing. The shattered window where the intruder had gained entrance, the burnt matches and rummaged shelves of a cupboard were not discovered until some time later, as Mr. and Mrs. McMillin reside in town during the winter. The damage was found by Harry Cameron, who lives near by. Police were notified and investigation is being made.

MARBLE, KITES

Saturday found scores of boys playing marbles in all sections of the seventh ward. It was the first big marble playing day of 1934. Several boys out the Atlantic avenue way took advantage of the whipping wind by giving their kites a real fly. The kites were willing enough. Must have been a half dozen of them high in the air.

Wagner And Old Team-mate Meet In California

Wagner And "Bill" Leamon Recall Having Played Together At Warren, Pa., In 1894

(International News Service)
RIVERSIDE, Calif., Mar. 19—John Honus Wagner, one of baseball's immortals and W. L. "Bill" Leamon, a team-mate of Wagner's 40 years ago, today agreed that while baseball may be faster in 1934 than it was in 1894, none of the stars of today compares with the base-stealers of Wagner's era.

Wagner, now a coach for the Pittsburgh Pirates, met Leamon, a Riverside newspaperman, during an exhibition game here.

The two played together on the famous Warren, Pa., team 40 years ago.

Wagner and Leamon admitted that a greater degree of science has been developed in team work in recent years, but asserted that the hitters and fielders of 35 or 40 years ago were just as good as any now playing.

Stoeffen Wins Tennis Crown

Stoeffen Will Likely Be Given Serious Consideration For Davis Cup Team

(International News Service)
NEW YORK, Mar. 19—Lester R. Stoeffen's brilliant victory over Gregory Mangin in the national indoor singles championship final, is causing a stir today that may change materially the plans of the Davis cup selection committee for the matches which start May 24.

Based on last year's competition, a tentative Davis cup lineup appeared "set" some time ago, consisting of Frank X. Shields and Sidney B. Wood, Jr., for the singles, and George M. Lott for the doubles, with either Wilmer Allison or John Van Ryn as his partner.

But Stoeffen, by his brilliant play in the national indoor title tourney, in which he went through a full week without losing a set, and with only four breaks in service scored against him, has pushed himself very much into the foreground for a singles berth.

The Californian trounced Julie Sellgren, former Lehigh intercollegiate champion.

To Give State Its True Place On History Page

(International News Service)
HARRISBURG, Mar. 19—The crusade for years was fostered by Dr. George P. Donehoo, one of Pennsylvania's foremost librarians until his recent death, is being carried on by his widow, Dr. Virginia B. Donehoo.

Destined ultimately to result in a textbook, the Donehoo crusade was to give Pennsylvania its rightful place in early American history. The movement was started 12 years ago when the former state historian told the Dauphin County Historical Society that the "new Englanders" have monopolized the history of early settlers.

From notes and books prepared by the former librarian, and from material obtained from Dr. Hale Sipe, Butler historian, Mrs. Donehoo hopes to arrange a complete and correct historical textbook, giving "proper mention of early settlers of Pennsylvania."

A moral standard is like a hurdle. You can make the best horse fall by setting the hurdle too high for him.

Spring Football Is Being Delayed By Ice And Snow

Coach Bridenbaugh Would Like To Get Started On Spring Conditioning

Spring football is out of the question at the present time due to the ice and snow that covers Taggart Field. It is not likely that the New Castle High "Red Hurricane" football team will be able to get out on the field before the first or second week in April.

It will take at least two weeks of sunshine to get the ground dried out sufficiently to allow the grid-ers to ramble.

Coach Phil Bridenbaugh is just a little anxious to see what his 1934 material is going to look like this year. There are a number of gaps to be filled up, including a whole new backfield.

Faculty Manager Ralph H. Gardner is trying to arrange a spring grid game and has approached Ambridge High for a battle here. New Castle may also play a spring game away from home, but nothing definite along this line is known at present.

Well, it's up to the weather man and with Spring just two days away, it seems that the old world should get a "break" of some kind. Haven't we had enough winter?

Seek To Help Small Business Man, Would Set Up Credit Banks

President Roosevelt Has Plan To Aid Small Business Man To Operate Industry

Loans Would Be For Five Years With Three Percent Interest Charge

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, Mar. 19.—President Roosevelt has definitely decided to act on behalf of the small business man in need of ready cash. Within the next ten days the administration will submit to congress its intermediate industrial credit bank bill which was estimated by Secretary Morgenthau and Governor Eugene R. Black, of the Federal Reserve Board, as potentially putting more than 1,000,000 men to work.

Officials of the board declared there are many small industries in the United States which cannot obtain credit accommodations at the banks to procure raw materials and to place their plants on a production basis, despite the fact they have an excellent market for their materials.

Can Resume Work
An official said by the extension of the necessary credit these industries could resume operation and therefore provide employment for an indefinite number of employees. Belief was expressed that Black's estimate of 1,000,000 men was conservative.

In addition to those placed directly in employment by resumption of production by the small industries it was stated by officials in touch with the situation that thousands of others would be given work by reason of the raw materials that would be required by these producers.

The present plan is for the establishment of one credit bank in each federal reserve district capitalized in proportion to the capital and surplus of the reserve bank. It was not anticipated that the initial capitalization would be large. The capital officials said would be supplied by the federal reserve bank, rather than the treasury.

Five Year Loans
Discussing the scheme one official said that up to five year loans at rates of around three percent

were contemplated. In general rates would be slightly higher than the rediscount rates at the federal reserve banks.

It was explained the commercial banks were not making loans of more than 90 days, paper of this character being discountable at the federal reserve banks. Industry according to the survey conducted by Black, is in need of credit of substantially longer terms than that available at the banks.

The new banks, under the proposed plan, would be authorized to issue debentures or other securities for sale to the public or reconstruction finance corp. in the amount of approximately ten times their capitalization. This would provide adequate funds for the financing of small industry. Officials said the big heavy industries were adequately financed and did not require any assistance.

Lawrence County Coal Production In 1933 Boosted

According to figures released at Harrisburg today, the 1933 coal production in Lawrence county mines was 187,738 which is slightly higher than in 1932 when the total tonnage was 124,844 tons. The leader in the state is Washington county with 11,951,030 tons, and next is Cambria county with 11,884,309. Lawrence county is not low in the state, with Bradford only having produced 6,360 tons. The total for the state in 1933 was 78,511,865.

TWO DRIVERS ON SUSPENDED LIST

(International News Service)
HARRISBURG, Mar. 19.—During the week ending March 14, the bureau of highway patrol and safety withdrew the cards of 142 drivers. Of this number 59 were revoked and 83 suspended. Withdrawals were 4 more than the preceding week. Operating privileges were restored to 111. Revocations this year to date total 603 and suspensions 657.

Among those whose cards were suspended, were Donald Fleeger, of 221 Weaver street; and Chester Fulwood, 425 East Long avenue, New Castle.

Revisions For Air Mail Bill Are Approved

President Roosevelt And
Leaders Confer On Pro-
posed Permanent Air
Mail Bill

SENATE HEARINGS
WILL END TODAY

(International News Service)
WASHINGTON, Mar. 19.—Calling
senate leaders and officials of the
Post Office and Commerce Depart-
ment around him at the conference
table, President Roosevelt, it be-
came apparent today, voiced his ap-
proval of certain revisions of the
proposed McKellar permanent air
mail bill.

The conference was called sudden-
ly yesterday and all those who at-
tended declined to reveal the nature
of the action decided upon.

Measure Attacked
The measure was bitterly attacked
by three of the country's foremost
fliers last week—Col. Charles A.
Lindbergh, Col. Eddie Rickenbacker
and Clarence D. Chamberlin. They
particularly criticized as "unfair"
the provision in the proposed mea-
sure which would prevent parties
who had any connection with the
air mail contracts Postmaster Gen-
eral Farley cancelled Feb. 19 from
taking any part in bidding for new
contracts when the service is legi-
slated back to commercial aviation.

This provision, handicapping the
future bidding of the old contrac-
tors, it was understood, was the
chief subject discussed at the white
house meeting.

Senate hearings on the bill which
provides for a new system of air
mail contracts, with the Interstate
Commerce Commission assuming
regulatory powers at the end of four
years, were scheduled to close to-
day.

Mrs. S. S. McCleary Becomes Nonagenarian On March 18

On March 18, 1844 a daughter,
who was named Asenath was born
to Samuel and Mary A. Patten, on a
farm near Harrisville, Butler county.
She received her education in a
public school and a private school
owned and superintended by Prof.
D. McClean Cross and at the age of
sixteen years began a period of
teaching in the public schools, many
of her pupils being older than she.
She continued to teach until her
marriage, December 25, 1865, to
Samuel McCleary, who had just
returned from his soldier activities
in the Civil War, and Sunday she
celebrated the ninetieth anniver-
sary of her birth.

Saturday, in her home on High-
land avenue, she was surrounded by
her family. Dr. Thomas McCleary,
superintendent of schools in Brad-
dock, his wife and three sons, at a
family dinner, and later in the af-
ternoon she received many friends,
who called at her home to express
their congratulations and to extend
to her greetings for many more
such happy events many of them ex-
pressing the wish that they could
again call on her when she reaches
the century mark.

Greeting cards reached her from
11 different states, numbering into
the hundreds and the home was
beautified by many colorful bouquets,
which expressed the felicitations of
her host of friends in the city.

The year after Mr. and Mrs. Mc-
Cleary were married they came to
New Castle to make their home,
building a house at 116 Willard av-
enue, where they lived for many
years. To Mr. and Mrs. McCleary

MRS. S. E. MCCLEARY

were born three children, the first
daughter, on Christmas eve, 1866,
and a son on May 1, 1870, both of
whom died in 1872, another son, Dr.
Thomas McCleary, was born at a
later date and he is still living.
At the age of 14 Mrs. McCleary
had united with the church in her
native town of Harrisville, and
when, as a young wife, she came to
New Castle, she brought her letter
to the First Presbyterian church of
this city, where she has been active
since in the Sunday school, church
and missionary society. She had
been reared in a strictly temperance
family and when the crusade
against liquor was taken up, she
united with the W. C. T. U. organ-
izing the West Side union and was
president of this organization until
she was chosen president of the
county union, in which capacity
she served for many years, until her
age prevented her from being as ac-
tive as she wished, when it was
turned over to a younger woman.
She is president of the Women's

Missionary Society at the present
time in the First Presbyterian
church and carries on her leader-
ship in a thoroughly capable man-
ner. She is a regular attendant at
the Sunday school and church ser-
vices, only being prevented from
occupying her accustomed place
when the weather is too bad for her
to venture out.

Sunday morning, although Mrs.
McCleary was prevented from at-
tending by the inclemency of the
weather, a special service was held
in the Sunday school in her honor
as she is the oldest member of the
church and school. After the church
service a number of representatives
of the church called at her home
to bring the greetings of the con-
gregation and a beautiful shoulder
crag from the children in the
beginner's department.

This afternoon Mrs. McCleary
was again honored by a special
program at the Woman's Club, she
being the oldest member of that or-
ganization also.

Among the greeting cards received
by Mrs. McCleary was one from
Miss Hazel Graham Glessner, state
president of the Daughters of 1812,
of which Mrs. McCleary is the only
real daughter in the New Castle or-
ganization.

Test Projects For Chemistry Class

(Special To The News)
NEW WILMINGTON, Pa., Mar. 19.
—Students in Dr. H. L. Davis' ad-
vanced chemistry class at Westmin-
ster college are working on testing
projects much like those of the Con-
sumers' research. The students will
be assigned nationally advertised
products to be analyzed to see
whether or not claims made for prod-
ucts are justified.

Following the spring recess, two
or three special lab periods will be
devoted to reports on analyses.

School Auditorium To Be Dressed Up

If the plans made by David Gai-
bis, one of the designers employed
by the CWA here, are accepted, the
Benjamin Franklin junior high
school will be the most elaborately
decorated auditorium in the city.

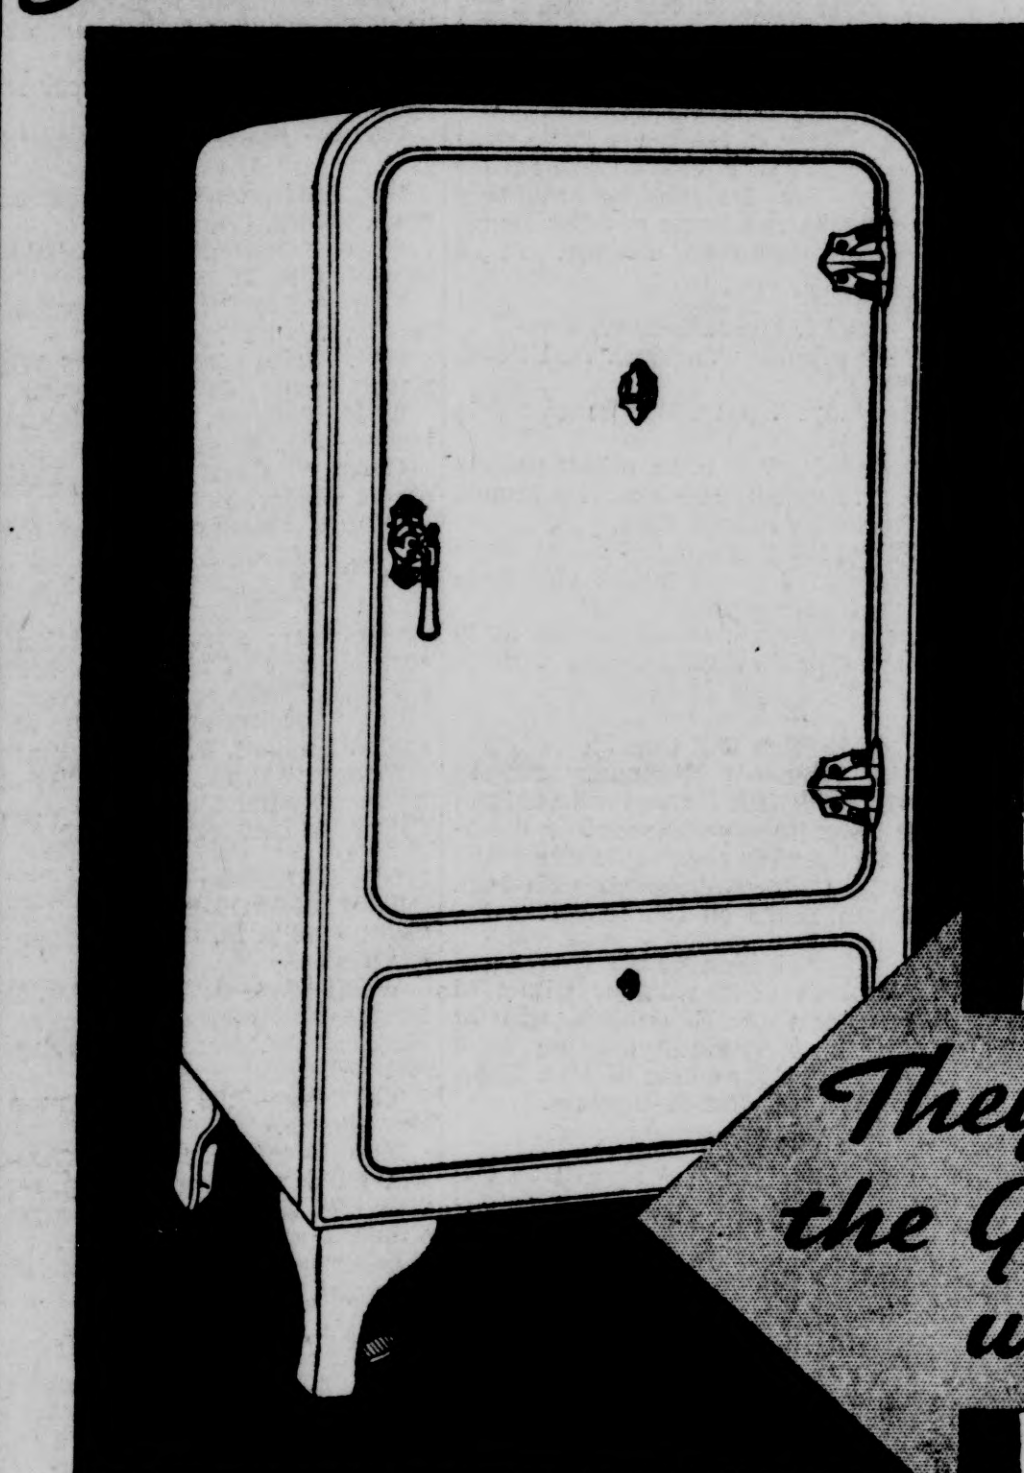

The drawings are complete and,
if approved, will furnish work for
many interior decorators and skilled
workmen for a period of weeks.

At the present time the auditor-
ium is bereft of any wall designs.

QUADRANGLE FORMAL TO BE HELD IN MAY

(Special To The News)
NEW WILMINGTON, Pa., Mar. 19.
—Quadrangle, non-sorority or-
ganization at Westminster college,
plans a formal dinner-dance to be
held at The Castleton hotel, New
Castle, the second or third week in
May. The formal dance will be fol-
lowed by a buffet supper, Miss Nel-
lie Kudelko, president, announces.

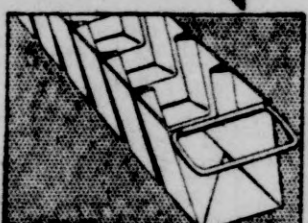

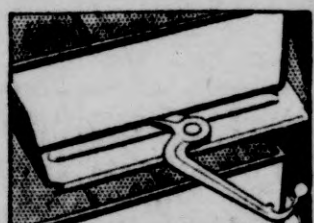

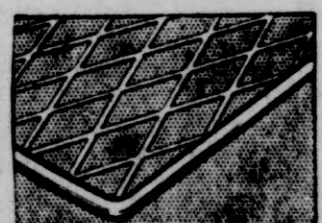

Let's LOOK Inside!

Only Grunow
uses **SAFE**
Carrene

● It's really important to know what
freezes the ice cubes, and what maintains
cold temperature in an electric refriger-
ator. Carrene, the refrigerant exclusive
with Grunow, is so safe and simple that
you can see it, smell it and hold it in your
hand without danger or inconvenience.

They're not all alike...
the Grunow is **SAFE**
with Carrene

Not only do you get safe Carrene when you buy a new
Grunow, but you get all those convenience features
you've dreamed about. Cross-hatch trays to keep small
dishes from tipping and spilling; tray release to in-
stantly shake loose sticking trays; flexible ice trays for
easy ejection of ice cubes; automatic foot-pedal door
opener, and a host of many other sensible and time-
saving features.

AROUND CITY HALL

Police chronology for 48 hours end-
ing 3:30 p. m. March 18, 27 arrests,
on charges as follows: suspicion 7,
violating parking law 9, drunken-
ness 4, operating a motor vehicle
while intoxicated 1, drunkenness and
fighting 2, drunkenness and disor-
derly conduct 2, drunkenness and
suspicion 2.

North Mercer street, between Eu-
clid avenue and Glenmore boulevard
has been filled with ashes. As soon
as weather conditions are suitable
the dirt section between Sheridan
and Euclid avenue will be scraped
and conditioned. City councilmen
and Neshannock township super-
visors at a conference held recently
decided that the thoroughfare which
is a straight artery from the busi-
ness section to the city limits with
cross streets running to Wilming-
ton and Highland avenues, will be
kept in good condition this summer.

Two men who have unfortunately
a weakness for the bowl that intox-
icates and who have records of hav-
ing been arrested often on that
charge were given their freedom
Sunday morning after they had been
taken into custody on suspicion of
having stolen a man's watch. The
man who made the charge came
from the Moravia street district
where he had been drinking with
two men. At Mercer and Washing-
ton streets he leaped upon one of
the men arrested and yelled for
police. He caused their arrest. In
city police court he said he had had
his watch stolen. When asked to
identify the two men whom he had
caused to be arrested he absolved
them by declaring they were not the
men he had been with. The men
kept at the expense of the govern-
ment through the direction of the
Transient bureau. He is vexed be-
cause the charges of the government
they find means of getting a snoot-
ful. Several of them have had to be
ejected from places where they are
furnished room. The mayor believes
persons from the states other than
Pennsylvania should be returned
there.

William Gallis made an error of
acting suspiciously Saturday night
and made a second error when he
failed to get rid of some numbers

books he had on his person so six
were presented as evidence when he
faced His Honor, the mayor, in po-
lice court Sunday. As the police
did not have evidence other than
the books against him Mayor Mayne
fined him \$10, with the statement
that should he be caught writing
numbers a \$100 fine would be his
penalty.

Nine persons violated the parking
ordinance and the docket showed a
collection of nine dollars. Mike
Caravella broke a jug on a street
and failed to appear for a hearing
and his forfeit was confiscated. Thomas
Roddy, 818 South Jefferson
street, reported a radio stolen from
a Moravia street club and Rufus
Carter, colored, who had been ar-
rested on a charge of suspicion, will
be questioned concerning the theft.
Frazier Williams, also colored, will
also be questioned about the radio.

East Brook Pastor Is Chapel Speaker

(International News Service)
NEW WILMINGTON, Pa., Mar. 19.
—The Rev. James M. Guthrie,
pastor of the East Brook United
Presbyterian church, was the guest
preacher at the Sunday evening
chapel service at Westminster col-
lege last night.

Rev. Mr. Guthrie was graduated
from Westminster with the class of
1929, and from the Pittsburgh-
Xenia seminary, class of 1932.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands
since Dr. Edwards produced Olive
Tablets, the substitute for calomel.
Dr. Edwards, a practicing physi-
cian for 20 years, and calomel's old-
time enemy, discovered the formula
for Olive Tablets while treating pa-
tients for chronic constipation and
torpid livers.
Olive Tablets do not contain calo-
mel, just a healing, soothing vegetable
laxative safe and pleasant.
No gripping is the "keynote" of these
little sugar-coated, olive-colored tab-
lets. They help cause the bowels and
liver to act normally. They never
force them to unnatural action.
If you have a "dark brown mouth"
—bad breath—a dull, tired feeling—
sick headache—torpid liver—consti-
pation, you should find quick, sure
and pleasant results from one or two
of Dr. Edwards Olive Tablets.
Thousands take them every night
to keep right. Try them. 15c, 30c, 60c.

Senior Students Form 'The Sphinx' At Westminster

(Special To The News)
NEW WILMINGTON, Pa., Mar. 19.
—Outstanding senior men at
Westminster college will be eligible
hereafter for membership in The
Sphinx, newly organized senior hon-
orary society. The new group chose
the name, The Sphinx, at a meeting
last week.

Present members are: Harold Po-
lonus, Sharon; Paul McMinn, Broc-
ton, N. Y.; Alan Van Harper, Zel-

lenople; William Douglass, Islip;
and Elmer Meider, Pittsburgh. Pro-
fessor Harold J. Brennan is faculty
advisor.
Harold Polonus has been elected
president of The Sphinx. The ini-
tial project of the society will be an
effort to inaugurate an inter-fra-
ternity and inter-sorority sing to be
held on the south terrace each May.
Unique black hats with embroid-
ered insignia will be worn by the
members. Campus leadership and
accomplishment in campus activities
as well as scholarship will be the
basis for election to the society.

Agnosticism is a word coined in
1869 by Professor Huxley to express
the doctrine that man from his very
nature is incapable of forming trust-
worthy conclusions concerning ulti-
mate reality.
